U.S. (Washington State) Pilot Escort Vehicle Operator Certification Course

Presented by: B.D.R. Safety Consulting Inc.

In co-operation with

B.D.R. Safety Consulting Inc. will be holding a U.S. (Washington State) Pilot Escort Vehicle Operator Certification course in Edmonton on November 27th, 2016. The course will be from 08:00 to 16:00. Exact location to be determined based on number of participants.

This certification course is recognized throughout the U.S. for Pilot/Escort Vehicle Operators and carries reciprocity with all States that require certification with the exception of NY.

This course also includes extra information on rules and regulations from British Columbia to Ontario.

Upon successful conclusion of the course (must pass the exam with a mark of 80% or higher), the candidate will be issued a Washington State Pilot/Escort Vehicle Operator Certificate. This certificate is valid for a period of three years.

All course material is provided and includes the General Oversize Regulations and Pilot Car Directory for Canada, Federal Highways Administration Guide to Pilot Vehicles and several other pertinent publications.

Although there are no requirements at this time to be certified to operate as a Pilot Escort Vehicle Operator in Canada, this certification course can go a long way to prove "Due Diligence" in the performance of your duties.

OVERSIZE LOAD

Cost for the course is \$289.00 + GST (\$303.45) based on a minimum of 10 participants.

To register for the course or for further information, please contact B.D.R. Safety Consulting @ bdrsft@mymts.net or (306) 737-2911.

Registration must be received by November 16th, 2016.
